

Statement of Faith

We stand on all the promises of God. We believe without exception the Word of God. We are God's vessels and will be used in varying ways with each young woman. We believe that God is alive and well in our world today.

This is a faith ministry. We have faith in God; we know that He is our provision and our strength. We believe that no matter how severe the problem or the background may be, God can heal the wounds and create a new and whole person in His Name.

We must believe that God will supply all our needs materially, spiritually, and emotionally. We must also believe that God can supply the total needs of the ministry materially and in our relationships with each other. We must be convinced that He will give us the ability and gifts to help those He has placed in our care.

We believe that God is in the business of changing lives. Sometimes we will see fruits of our labors and sometimes we are seed planters and never see the harvest until eternity. We must trust our roles in their lives to His care
